OIL, GAS & MINING

Dear Mr. Gross:

The Bureau of Water Pollution Control was notified by the Division of Oil, Gas, & Mining that your company was applying for a permit to conduct mining operations in the State of Utah.

We are requesting that your company furnish us plans regarding waste rock, tailings, water discharge, process pond design, storm water disposal, heap leach pads, and geological data, etc., so that we can determine if you will need discharge or construction permits.

Please contact us if you wish further information in the matter.

Sincerely,

Charles G. Dietz, P.E.
